**READ THE ENTIRE LABEL FOR ROUNDUP ULTRAMAX™RT HERBICIDE BEFORE PROCEEDING WITH THE USE DIRECTIONS CONTAINED IN THIS SUPPLEMENTAL LABELING.**

When using Roundup UltraMAX RT herbicide as permitted according to this supplemental labeling, read and follow all applicable directions, restrictions, and precautions on the label booklet provided with the pesticide container and on this supplemental labeling. This supplemental labeling must be in the possession of the user at the time of pesticide application.

EPA Reg No. 524-512  
EPA SLN No. MT-020004

Roundup UltraMAX RT is a trademark of Monsanto Technology LLC.

### **FOR PREHARVEST AND SPOT TREATMENT OF WEEDS IN DRY PEAS, LENTILS, AND CHICKPEAS.**

In case of an emergency involving this product, Call Collect, day or night, 314-694-4000.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This labeling must be in the possession of the user at the time of application.

Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label

Refer to the "GENERAL INFORMATION", "MIXING" and "APPLICATION EQUIPMENT AND TECHNIQUES" sections of the Roundup UltraMAX RT herbicide label booklet for additional information.

## **PREHARVEST**

**USE INSTRUCTIONS:** This product may be applied as an over-the-top broadcast spray to control or suppress labeled weeds prior to the harvest of dry peas, lentils, and chickpeas. Apply up to 20 fluid ounces of this product per acre at the hard dough stage of the legume seed (30 percent grain moisture or less) using ground broadcast or aerial equipment only. For ground applications, apply this product in 10 to 20 gallons of water per acre. For aerial applications, apply this product in 3 to 10 gallons of water per acre.

## **PRECAUTIONS, RESTRICTIONS:**

Preharvest application is not recommended for peas, lentils, or chickpeas grown for seed, as a reduction in germination or vigor may occur.

## **SPOT TREATMENT**

**USE INSTRUCTIONS:** This product may be applied as a spot treatment to control or suppress troublesome weeds such as Canada thistle, quackgrass, mayweed (dog fennel), and milkweed in peas, lentils, and chickpeas. Apply up to 20 fluid ounces of this product per acre using ground broadcast or hand-held equipment only. For ground applications, apply this product in 10 to 20 gallons of water per acre. For applications with hand-held equipment, apply this product as a 1 1/2 percent solution (20 fluid ounces/10 gallons of water). For best results, applications should be made at or beyond the bud stage of growth.

**PRECAUTIONS, RESTRICTIONS:** The crop receiving spray in the treated area will be killed. Take care to avoid drift or spray outside the treated area for the same reason.

## **PRECAUTIONS, RESTRICTIONS (PRE-HARVEST AND SPOT TREATMENT):**

- Apply at least 14 days before harvest.
- Only one application of any herbicide containing the active ingredient glyphosate may be made per year; do not combine a preharvest application with spot treatment on the same area of the field.
- Employ at least a 30-day plant-back interval between treatment and replanting for any crop not listed in the Roundup UltraMAX RT herbicide label.
- Do not feed treated vines and hay from these crops to livestock.
- For spot treatments, do not treat more than 10 percent of the target field.
- For use under this SLN label do not apply this product through any type of irrigation system.
- To minimize drift, use nozzles that emit medium to large-sized droplets. The likelihood of drift occurring from the use of this product increases when winds are gusty, as wind velocity increases, when wind direction is constantly changing, or when there are other meteorological conditions that favor spray drift. Extreme care must be used when applying this product to avoid injury to desirable plants and crops.

**Read the “Limit of Warranty and Liability” in the label booklet for Roundup UltraMAX RT herbicide before using. These terms apply to this supplemental labeling and if these terms are not acceptable, return the product unopened at once.**
